SUMMARY

A certified data analyst and project manager with 3 years of experience in IT. Strong track-record of computational skills, data analysis, data manipulation, data visualization, performed data extraction and analysis with Python libraries like NumPy, Pandas, SciPy, Matplotlib, and Seaborn. Experienced in SQL, Database Modeling, Database Management System (DBMS). Able to translate results into understandable terms for the success of the organization and business decisions. Creative, driven, resourceful, and self-reliant. Looking for a data analyst position which can continue to grow.

PROJECTS

- **Customer Segmentation: Clustering:** Segmentation of customers using unsupervised data. Skills: K-means Clustering, RFM Analysis, Cohort Analysis, 3D Visualizations
- **Employee Churn Machine Learning Project:** Predicting churn employee status using several features. Skills: *Cluster Analysis, K-Nearest Neighbors (KNN), Random Forest, Gradient Boosting*
- **Car Price Prediction Exploratory Data Analysis (EDA) and Machine Learning Project (including Model Deployment with Streamlit and Flask):** Building a price prediction model using features of cars such as make & model and body type. Skills: *Data Cleaning, Data Wrangling, Feature Engineering and Analysis, Pandas, Seaborn, Streamlit, Flask*
- **State-Level COVID-19 Analysis of the United States of America:** Creating a dashboard to track COVID-19 cases in the United States. Skills: *TABLEAU*
- **E-Commerce and Customer Retention Project:** Analysis on the sales and delivery system of an E-Commerce Company. Skills: *SQL*
- **E-University Database Management System (DBMS) Project:** An example university registration data model and database. Skills: *SQL, Preparing ER Diagrams*
- **Chocolate Scraping Project:** Scraping data from webpage, analysis on the data of Chocolate Companies. Skills: *Web Scraping, Data Wrangling, Pandas, Seaborn.*

(These projects and more can be reached at my GitHub and Portfolio pages)

TECHNICAL SKILLS

Data Analysis | Supervised Learning | Business Intelligence | Data Visualization | Tableau | Statistical Analysis | Python | NumPy | Pandas | SciPy | Matplotlib | Seaborn | SQL | MySQL | SQLite | Linux | Git | GitHub | HTML | CSS | Google Sheets | MS Excel | Object-Oriented Programming (OOP) | Regex | Scrum | Kanban | Jira | Agile Methodology | Slack

SOFT SKILLS

Creativity | Critical Thinking | Problem Solving | Time Management | Project Management | Computational Thinking | Communication | Collaboration | Teamwork | Leadership | Confidence | Flexibility | Self-motivation | Eager to learn | Self-reliant | Analytical | Lifelong Learner | Passion | Courage | Result-oriented | Adaptability | Engaged | Innovation | Team Player | Proactive | Ambitious
